

Curriculum Vitae

Jaime DeSantiago

WORK ADDRESS 1750 W. Harrison St. Rm 1420, 1316
 Molecular Biophysics & Physiology
 Rush University
 Chicago, IL 60612

PLACE OF BIRTH MEXICO

MARITAL STATUS Married, Alicia; two sons: Jaime & Fredy, one daughter: Elizabeth.

CITIZENSHIP MEXICO, USA.

EDUCATION/TRAINING

1975-1982 MD School of Medicine, Autonomous University of Zacatecas, Mexico.
1986-1989 MS Physiology, Autonomous University of San Luis Potosi. Mexico.
1991-1995 PhD Physiology/Neuroscience Dept., Finch University of Health Sciences/The
 Chicago Medical School (Rosalind Franklin University)

PREVIOUS EMPLOYMENT

1983-85 Private Medical Practice in Mexico.
1990-91 Research Assistant, Department of Physiology and Biophysics. Finch University of
 Health Sciences/The Chicago Medical School
1995-97 Post-doctoral fellow, Department of Physiology and Biophysics. Finch University of
 Health Sciences/The Chicago Medical School
1997-2008 Research Associate. Department of Physiology. Stritch School of Medicine Loyola
 University Chicago.
2008-09 Assistant Project Scientist, Pharmacology Department, University of California
 Davis
2009-14 Research Specialist, Department of Medicine/section of Cardiology. University of
 Illinois at Chicago
2014- Scientist, Molecular Biophysics & Physiology. Rush University

FELLOWSHIPS

1986-88 MS Fellowship, National Council of Science and Technology. (CONACYT,
 Mexico).
1988-89 MS Fellowship, University of San Luis Potosi, Mexico.
1991-93 PhD Fellowship, FUHS/The Chicago Medical School
1993-95 Junior Fellowship, American Heart Association Metropolitan Chicago
1997-00 Postdoctoral training (NHLBI Minority supplement program)

MEMBERSHIP IN SCIENTIFIC SOCIETIES

- 1991- Biophysical Society
1991- Latin American Biophysical Society (SOBLA)
1999- American Heart Association, Basic Science Council

DISSERTATIONS

"Effect of verapamil and presence of epithelial cells on guinea pig respiratory smooth muscle sensitized by albumin". Master in Sciences Dissertation. Univ. of San Luis Potosi. Mexico. December 1989.

"Transport of magnesium and calcium across the membrane of excitable cells". Doctor in Philosophy Dissertation. Finch University of Health Sciences/The Chicago Medical School. August 1995.

SCIENTIFIC MEETINGS (Attended)

- Annual Meeting of the Mexican Society of Physiology, Queretaro, Mexico.(1988).
- Second International Conference on Sodium/Calcium Exchange, Baltimore, MD(1991)
- Biophysical Meeting, Houston, TX (1992).
- Seventh Annual Meeting Ohio Physiological Society, Wright State University, Dayton, Ohio. (1992).
- Gordon Conference on Magnesium Regulation, Oxnard, CA (1993).
- Biophysical Meeting, New Orleans, LA (1994).
- Biophysical Meeting, San Francisco, CA (1995).
- 36th Annual National Student Research Forum. Univ. of Texas Medical Branch at Galveston (1995).
- Third International Conference on Sodium-Calcium Exchange, The Marine Biological Laboratory Woods Hole, Massachusetts (1995).
- First Annual Meeting of the Midwest Physiological Society. Medical College of Wisconsin. Milwaukee, (June, 1996).
- Midwestern Combined Annual Meeting (Central Society for clinical Research). Chicago, IL. (Sep. 1996).
- Biophysical Meeting, Kansas City, MO (1998).
- Biophysical Meeting, Baltimore, MD (1999).
- 4th Annual Meeting of Midwest Physiological Societies. University of Wisconsin-Madison.(June,1999).
- American Heart Association National Meeting. Atlanta (1999)
- Biophysical Meeting, New Orleans (2000).
- Biophysical Meeting. Boston (2001)
- Biophysical meeting. San Francisco (2002)
- American Heart Association National Meeting. Chicago, IL (2002)
- Biophysical Meeting. San Antonio TX. (2003)
- American Heart Association National Meeting. Orlando, FL (2003)
- Biophysical Meeting Baltimore MD (2004)
- Biophysical Meeting Salt Lake City, UT (2006)

- American Heart Association National Meeting Chicago, IL (2006)
- Biophysical Meeting Baltimore MD (2007)
- Biophysical Meeting Long Beach CA (2008)
- Biophysical Meeting Boston (2009)
- Biophysical Meeting San Francisco (2010)
- International Society for heart Research (ISHR) (2011)
- Biophysical Meeting San Diego (2012)
- Biophyscial Meeting Philadelphia (2013)
- Biophyscial Meeting San Francisco (2014)

RESEARCH SUPPORT (completed)

Title:	Regulation of Intracellular Magnesium in Muscle Cells.
Granting Agency:	American Heart Association of Metropolitan Chicago (Jr Fellowship)
Amount:	40 000.00
Project period:	07-01-93 to 06-30-95
Principal Investigator:	Jaime DeSantiago
Status:	Completed

Title:	Ionic Control of Cardiac Muscle Contraction.
Granting Agency:	NHLBI Minority Supplement Program (Postdoctoral Training)
Amount:	100 144.00
Project period:	09-01-97 to 02-28-00
Principal Investigator:	Donald M. Bers, PhD. Project Grant HL30077
Status:	Completed
