Dear Fred,

I hope you had a restful and enjoyable weekend.

* the lambda and model comparison paragraph for Aim 4 are found in wrapper.tex

* the equation appearing in Broader Impacts from our CMS paper should be substituted with the one appearing in the end of wrapper.tex

* the main figure from the BJ paper is attached as a jpg

* many of the references have been named in

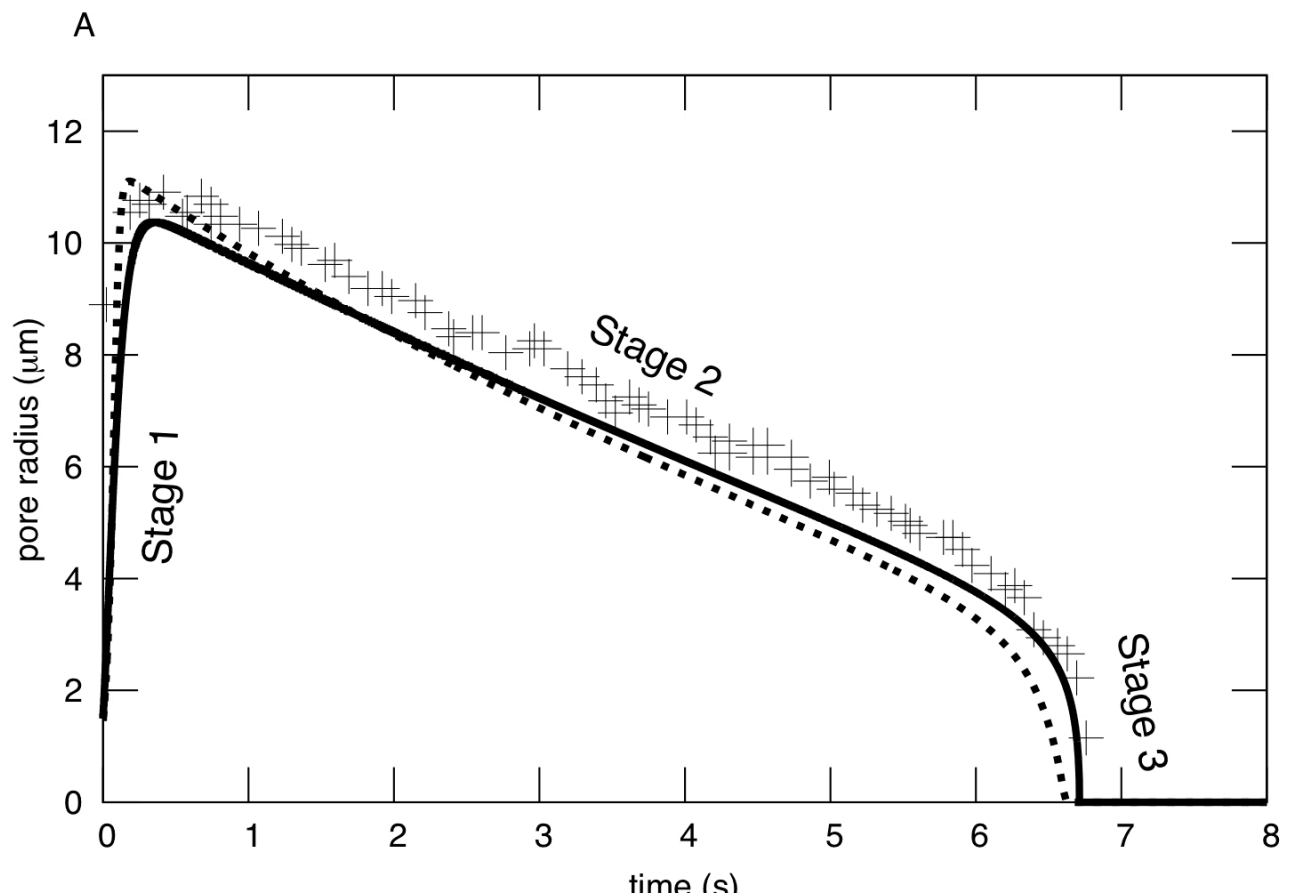

the attached grant5.1.docx file
and colored magenta

* an endnote library containing my
bibliography is attached as myLibrary.enl

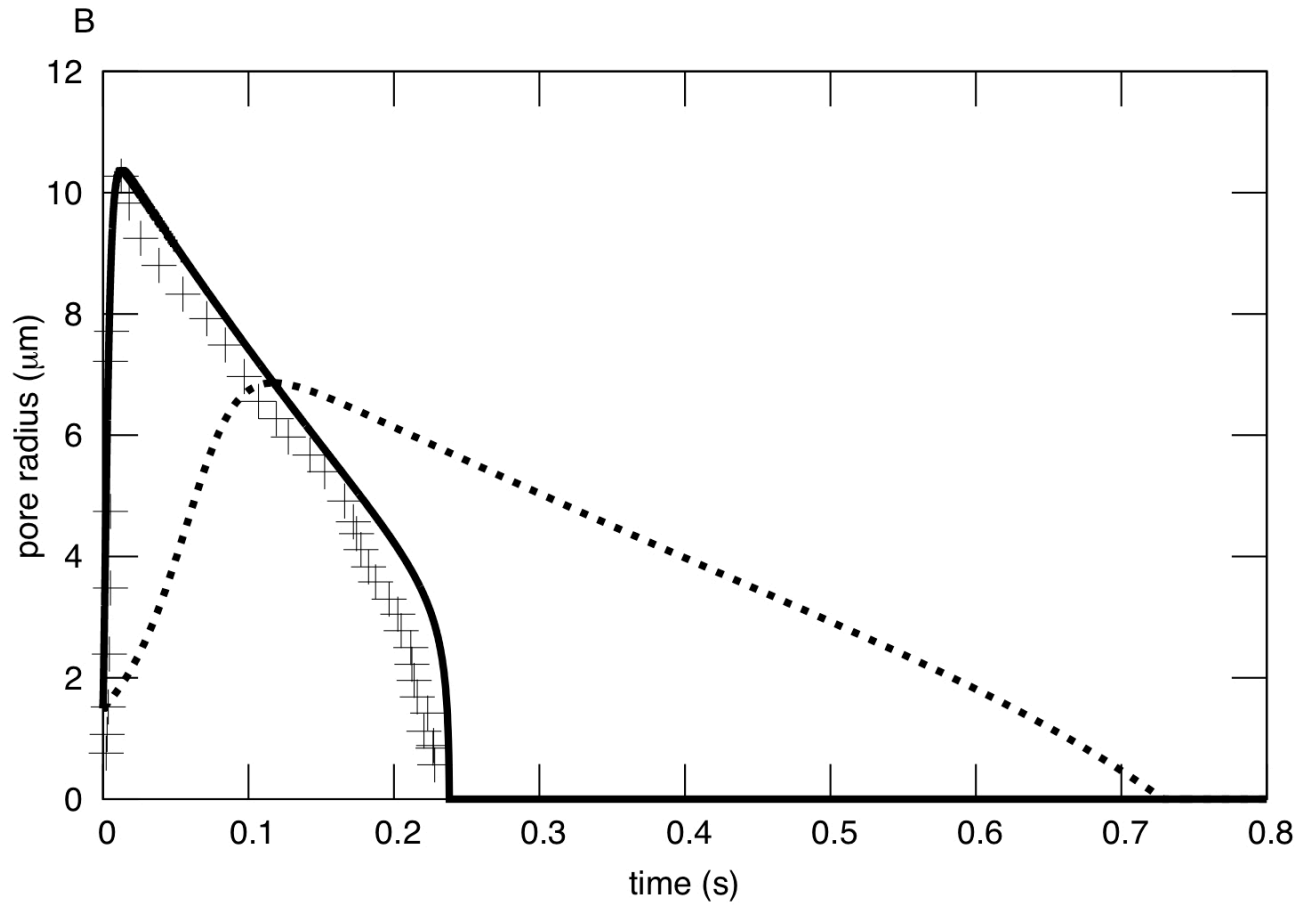

* some minor comments and question also
appear in magenta
