The Cancellation Notification Form can be found at our website (<http://src.faseb.org>) under the "Forms" link. **Cancellations received in Steamboat Springs will NOT be honored.**

Please **do not call the hotel directly to cancel your room reservation**. Therefore, **regardless of the information you may receive from the hotel**, lodging cancellations will only be honored if they are received in the FASEB SRC Office and made at least 17 days prior to the start of the conference. This will ensure that your cancellation is properly processed.

Cancellation dates and other deadlines relating to the conference can be found on our website under "Deadlines and Policies".

All requests for refunds that are received by the cancellation date will be processed in *September* after the conclusion of the conference series and will be less a \$100.00 cancellation-processing fee. **If cancellations**

are made less than seventeen (17) days prior to the start of a conference, **there will be *no refunds issued*** since FASEB is required to pay all venues and service providers two (2) weeks prior to the conference.

PAYMENT POLICY:

All payments are final. Due to increasing fees from credit card processing companies, a requested **change or modification** to the credit card already on file will result in a **\$25 processing/change fee**. **Only**, if a change of accommodations is requested, the processing/change fee will not be applied.

TRAVEL & GROUND INFORMATION:

The Steamboat Grand Resort is just 22 miles from the Yampa Valley Regional/Hayden Airport (HDN) and 155 miles northwest of Denver. You may choose to fly into either airport. For more information on driving directions, shuttle arrangements, rental car information, please visit the Transportation section of our website.

VISA INFORMATION FOR FOREIGN SCIENTISTS TRAVELING TO THE UNITED STATES & U.S. HOMELAND SECURITY PROCEDURES:

As part of security procedures, many applications for visas are sent to the State Department for a security review. The Website for the State Department is <http://travel.state.gov/visa>. We advise scientists traveling to the United States to apply for a visa as early as possible (**at least three months before visa is needed**). For more information and links that may be helpful to anyone applying for a visa, please visit the Visa section of our website.

Should issues arise during the processing and receiving of a visa, you must **contact** and inform the **FASEB SRC Office *immediately***. If you are not able to attend the conference because of visa issues, we will issue a refund less the \$100.00 cancellation processing fee **ONLY** if you have informed the FASEB SRC Office ahead of time. **If you do not inform us of your visa issues *ahead of time with appropriate documentation of prior contact with the FASEB SRC Office*, a refund will not be issued. *There will be absolutely no exceptions.***
